

The race and ethnicity data will be collected locally using a two part question for students and staff

Districts must collect race and ethnicity information on students and staff using a *two part question*. The respondent must answer both questions. Districts should implement the re-evaluation of students in 2009-2010 to be reported in July of 2010. District enrollment forms will need to implement the two part question for all fall 2010 enrollees. Districts should plan to train staff to assist enrollees in responding to the two part question. **Example:**
